

Where Do I Find My CBS Code?

There are four possible places to find your CBS (Call Before Showing) code:

- **KIMvoice (888-968-4032):**
 1. Call KIMvoice (888-968-4032), and choose **Option 2**.
 2. Provide the serial number of the Keybox and the shackle code, and KIMvoice will give you the 7-digit CBS code over the phone 24 hours a day, 7 days a week.
- **KIMweb:** If your keybox is registered on KIMweb, you can view your Keybox settings and the CBS code online.
 1. Click on **Log on to KIMweb** at www.supraekey.com, then enter your key and PIN number. Then click on **View Existing Keyboxes** among the menu selections on the left under **Keybox Inventory**.
 2. Click on the specific Keybox for which you need the code; the code will be displayed on your computer screen.
- **Supra (GE Security) Paperwork:** When you purchased your Keybox, the Supra (GE Security) staff gave you paperwork with a white label on it; the CBS code is printed on the white label. This information may be incorrect if the code has been changed after the original purchase.
- **eKEY:** if you use an eKEY (Palm device) as your key, you can view your CBS code for the Keybox:
 1. Access the eKEY application and go to **Manage Keyboxes**.

2. Find the Keybox serial number and click on it.

3. Click the **EDIT** option.

4. Click on the **dark arrow** next to the letters CBS. Your CBS code will display.

Note: The Listing Agent will provide you with the CBS Code required. GAMLS Centers may disclose lockbox information (CBS Code / Shackle Code) solely to the Agent/Broker for which the box is assigned.
