

GAMLS Connection

Georgia MLS - Where the Listings Are! Where the Listings Get SOLD!

Be sure to utilize Georgia MLS as part of your daily business routine so you won't miss out on available listings. In the current real estate marketplace the trend across the state is low housing inventory. Currently GAMLS has over **48,000+** listings. GAMLS is the service with the greatest amount of listings available to our members and the largest available possibilities for your clients!

At the time of publication here is a comparison of available listings in GAMLS vs. the next largest MLS:

Where the Listings Are !

	Total Listings	Single Family Detached
GAMLS	48,416	25,654
Next Largest MLS	32,744	19,422

38.6 % more total listings available

27.65 % more Single Family detached listings available

How effective is Georgia MLS in working for our members success ? Just look at that Sold listings comparison through March of 2017.

Where Listings Get Sold !

Listings Sold as of March 2017	
GAMLS	21,927
Next Largest MLS	17,167

Already in 2017 there have been 24.3 % more listings sold through Georgia MLS than the next largest MLS in the state.
